

Biographies of the Future Guardians' Team

Sarah Shaw

LinkedIn: <https://www.linkedin.com/in/sarahshawuae>

Sarah is the Founder and Managing Director of Baynna, A youth coaching firm aimed at supporting young adults between the ages of 16 – 35 with personal, career and leadership challenges.

A strategy, leadership and project management professional with a vertical focus on education and social development. Sarah has extensive experiences in setting up units and department from scratch in addition to developing strategic plans for both sectors and organisations alike. A leader with 18 years of experience, who cultivates excellence in the work environment and can deliver on tight deadlines. Lives by the motto; "Teamwork makes the dream work".

Aqsa Khalifa

LinkedIn: <https://www.linkedin.com/in/aqsa-khalifa/>

Aqsa Khalifa is a versatile professional, visionary entrepreneur, and catalyst for change in the UAE. As the Co-Founder and COO of Pupilar, she has redefined youth employment and leads the region's first and biggest skill-based career community platform. Her journey began at 20, and Pupilar has since garnered acclaim, being featured in Khaleej Times, The National, and Netflix's Dubai Bling 2, and recognized as a top Women-Led Startup by the Ministry of Economy.

Aqsa's multifaceted background spans youth leadership, design, education, and theater, bringing a creative and innovative perspective to her work. She has led and served impactful projects like the COP28 Green Skills Fair, ICA Congress Abu Dhabi 2023 Archives Hackathon and many more.

Nicola Ablett

www.idmea.net

Nicola Ablett based in UAE for 29 + year's.

Coming from a wealth of experiences in all aspects of UAE employment options: Government, local government, private and an entrepreneurship background, her knowledge base and cultural awareness are invaluable. Additionally experience in all GCC countries, East and West Africa, Brunei, Afghanistan, Kurdistan and Pakistan.

Writing your own career narrative and continuous development are vital for all students and employees. She, coaches youth, specifically Emirati youth and GCC from the ages of 14 upwards for career exploration and uses the PRISM Inventory, with excellent results and long-standing outcomes.

Writing your own career narrative and being your best self are critical to how we approach life and our engagements with others, be it individuals, small groups, or corporate entities. Integrity is part of everything Nicola engages with along with the ethos of right person, job, time, place and of course leader.

Dr. Mohammed Lataifeh

LinkedIn: <https://www.linkedin.com/in/lataifeh/>

Dr M. works at the edge of possibilities, catalysing change, nurturing curiosity and leadership, and strategizing design-driven innovation. Backed with over 25 years of diverse international expertise in design, human-machine automation, and digital transformation. His core competencies include design innovation management, graphics and multimedia, and technical expertise in private and public sectors in several countries. He leverages universal design methodologies, user experience, service design, and contextual innovation to create and evaluate human-centred solutions that transcend business and educational contexts. He is proficient in a wide range of development tools and frameworks for desktop, web, and mobile applications, as well as

game development platforms and engines. He also conducts cutting-edge research on emerging realities, digital humanity, and machine-learning applications for different systems. His mission is to promote a sustainable platform for innovation led by local constituents and within global standards.
